REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Citizens of Dunbarton:

The present school year opened with a slight increase in the number of pupils at the Center School. The teaching staff of the prior year all returned, including Mrs. Marion Hayes in Grades 1-4, Mrs. Elizabeth Fottler in Grades 5-8, and Mrs. Katherine Bartlett as music instructor. Mrs. Beatrice Bockus, who replaced Miss Edith Walker in January 1952, continued as school nurse.

Dunbarton is faced, as are most communities, with two major problems,—enrollment and fiances.

In my report of last year I called your attention to the anticipated enrollment figures for the Center School for the next five or six years. Our fall school census in 1952, although slightly changed over the figures of 1951, verifies the earlier prediction that we are sowly but surely approaching a difficult school housing problem. Our 1952 census shows that we can anticipate the following entering groups in Grade 1 in the years indicated:

1953	—	16
1954	—	15
1955	—	10
1956	—	9
1957	—	13
1958	—	10

The above figures do not include children from East and South-eastern Dunbarton, from which areas the children are now enrolled in the schools of Bow and Manchester on a tuition basis.

If we project these potential first graders over the next six-year period, we may expect the following enrollments:

	Primary Room (Gr. 1-4)	Grammar Room (Gr. 5-8)
1953-54	37	36
1954-55	44	37
1955-56	47	34
1956-57	49	33
1957-58	46	38
1958-59	41	45

In reference to the above figures, I can only repeat my statement of a year ago,—that beginning next fall and extending through the next five years, we are going to have an over-crowded condition in the Center School. We may be able to worry through the coming year (1953-54) but it is quite evident that the years following promise more youngsters than we can possibly accommodate and educate effectively. We undoubtedly will have to send a number of our pupils to surrounding communities, such pupils to be selected geographically or by grade (as for example, all grade 8 pupils to Concord and/or Goffstown). The only other solution would be to add a third room to the Center School, and until such time as we are certain that the increase is permanent in nature, this plan does not appear to be feasible.

Our second major problem is that of finance. School costs both for personnel and supplies have not leveled-off and are causing a steady increase in our gross budget. Secondary tuition, however, shows the greatest percent of increase over the last ten years. In 1941-42 we expended approximately $1,900 for high school tuitions, while in 51-52 our payments totalled $8,246, and our anticipated payments for the school year 1953-54 amount to $9,970. The cause of this increase is due to a larger number of pupils attending high school and also to the increase in the tuition rate. In 1942 the tuition rate in Concord was $100, while for 1953-54 the charge will be $325 per pupil.. In September 1942 we had 23 pupils attending neighboring high schools; in September 1953 we expect to have 34.

The problem of finance would not be as severe if our state funds had kept pace with the devaluation of the dollar and with the increased enrollments. In 1942-43 our state aid figure was approximately $2,400. It increased slightly until in 1946-47 it was just under $3,000. The legislature of 1947 increased state aid from $400,000 to $2,000,000, and Dunbarton's share jumped to $5,961. However, the distribution of the $600,000 approved by the legislature in 1951 reduced our share to an average of $934 for the present biennium. It seems to me that the future of our schools depends upon sound and adequate financial aid from the state in order that the local tax-payers not be required to shoulder the whole burden of education.

At the annual district meeting in March 1952, an article was approved to adopt the Non-Partisan Ballot System. In carrying out the provisions of the state statutes, it has been necessary to make certain changes in the warrant. If you refer to copy of this year's warrant contained in these pages, you will note that the polls will open at 4 o'clock in the afternoon and remain open until 9 o'clock or until the close of the meeting, whichever time is the later. All business other than election of officers will begin at the customary hour of 8 o'clock.

Whether or not the Non-Partisan Ballot system is retained for future meetings will be dependent upon your reaction to an article in this year's warrant,—to see if you desire to continue such system or return to the method of election of officers previously used.

Respectfully submitted.

Supt. of Schools

Board of Selectmen. This item has been prepared at the request of local forest fire wardens for publication in your town report. They feel it can aid, materially, in arousing interest, locally, in the matter of fire prevention. We earnestly solicit the cooperation of the Selectmen to provide a space in the coming report for it.

TEAM WORK WILL DO THE JOB!

Team work has won victories from time immemorial — for families, towns, cities, states and nations. Team work is the highest form and most democratic example of cooperation. Without team work, America and Americans would never have achieved the greatness that is theirs. We are all aware of its power and appeal. It is no less needed now than in the past.

Team work among those who live, work and recreate in and near the woodlands, is vital. There never was a time when our woodlands as a whole were in such precarious condition as they are now.

Since the hurricane, nearly 900,000 acres of slash have been added to our already sizeable slash problem. If we are to avoid unnecessary trouble with fire in our woodland areas everyone must cooperate — we must have team work. The remedy is simple —

YOU and YOU and You and You

MUST secure the required permit from your local forest fire warden before burning.

MUST use necessary precautions while burning or smoking in or near woodlands.

MUST not throw lighted cigars, cigarettes and matches from vehicles moving along highways.

Otherwise YOU might well contribute to a costly and damaging fire. And don't forget that fire might destroy your own property!

REMEMBER — Only YOU and YOU and YOU can prevent fire.

TEAM WORK WILL DO THE JOB!
